

The logo for Funky's Catering features the word "FUNKY'S" in a large, black, hand-drawn, slightly irregular font. The letter "F" is significantly larger than the others and is positioned to the left of the rest of the word. Below "FUNKY'S" is a solid blue horizontal rectangle containing the word "CATERING" in a white, clean, sans-serif font. The entire logo is set against a light yellow background that is partially obscured by a white border.

# FUNKY'S CATERING

## *Wedding Menu*

---

Funky's Catering is a true custom caterer. Our goal is to understand your vision for your wedding and to develop a menu and service package to bring your vision to life. We work with you to custom design a menu that is perfect for you on your special day. To be sure that the menu and service at your reception fit into your vision for the event, we offer a private tasting at our facility where you can choose the right food and plate presentation. This personal tasting also gives us a chance to discuss all of the service details for your event in a casual, relaxed setting. Our goal is for you to leave the tasting comfortable that you will not need to worry about the catering at your wedding.

The menus that follow are designed to give you an idea of the types of food we offer as well as an idea of pricing. These menus are samples of what we have done for clients. As you look through them we hope you might get some ideas for your event but we assume you will want to design your own menu. These menus are also not meant to include everything we can serve at your event. Our talented and experienced staff is capable of meeting any of your needs.

We strive to design and execute a creative and memorable event for each client. These menus are a guide to get started.

\* Please note that the pricing of the following menus may vary by venue, guest count and other factors associated with off premise catering and are only meant to provide a general range of pricing.
